

**EXHIBIT 1:  
MS. SANCHEZ'S LETTER TO THE COURT**

Señor Juez

Le escribo esta carta para disculparme con la corte y con mi familia por el daño que he causado y tambien para que sepa que lo siento mucho y que acepto toda la responsabilidad por mi comportamiento y se que debo recibir un castigo por las cosas que he hecho.

Durante el tiempo que he estado encarcelada me he sentido muy deprimida y con mucha ansiedad, Ha sido muy traumático para mi por estar alejada de mi familia, por primera vez y no poder ver ni abrazar a mis hijos, Tambien teniendo la preocupacion por mi madre que esta muy enferma y depende únicamente de mi para todas sus necesidades.

Tambien en este tiempo he tenido la oportunidad de reflexionar en los motivos que me llevaron a cometer este delito.

He tenido la oportunidad de acercarme más a Dios y de tener una relacion con El. Con la ayuda de el tratamiento psiquiatrico que he tenido en la cárcel me siento mejor y con la mente mas clara Aceptandome y queriendome tal y como soy.

Soy originaria de Costa Rica de una familia muy humilde y disfuncional

[REDACTED]

A los 18 años quedé embarazada de mi primer hijo que sufre de Diabetes tipo 1 teniendo siempre que ver por el sola porque nunca tuve la ayuda de su padre.

Me casé con un hombre 20 años mayor

[REDACTED]  
[REDACTED] conmigo y con mi hijo. Tuvimos otro hijo juntos y después nos abandonó también.

Intente por ultima vez el tener una familia con mi tercer esposo, con el cual tuve una hermosa niña, pero con el tiempo también esa relación fracasó. y como siempre tuve que salir adelante a pesar de las situaciones que he atravesado en mi vida, sola y con mis hijos.

Hace 8 años cuando todo esto sucedió, yo estaba atravesando por un difícil divorcio de mi tercer esposo, [REDACTED] x no se hacia cargo de las obligaciones del hogar.

Al verme en esa situación y con mis tres hijos todavía en la escuela empecé a tomar las malas decisiones que hoy estoy

pagando. No tenía dinero y en ese tiempo ZF que yo creía mi amiga llegó a América y junto con ella empepé a prostituirme y a que necesitaba suplir por mis hijos y al mismo tiempo había perdido la esperanza de ser amada y miré el estar con hombres como una transacción solamente, no quería ser vulnerable otra vez.

[REDACTED]

Esto hizo que no tuviera ningún control sobre mis pensamientos y decisiones de una forma correcta. Solo trataba de no pensar en lo que estaba haciendo. Ahí fue donde empepé a hundirme más en ese estilo de vida y pensar que era normal. Decidí buscar otra persona que quisiera hacerlo también, para no estar sola y ganar un poco de dinero. Quiero que sepa que nadie fue obligado de ninguna manera, ni tampoco era menor de edad, aunque eso no justifica mis acciones en absoluto. Esto sucedió durante un año y medio hasta Junio 2012 cuando recapacité y decidí mudarme a la Florida y dejar todo este episodio atrás. Fue en ese momento que me arrepentí y me di cuenta que era un delito el que otra persona trabajara conmigo. Me prometí no volver a hacerlo nunca más.

Salir de ese estilo de vida ha sido muy difícil y estando en la Florida continue prostituyendo me de vez en cuando.

Ahora tengo mucha esperanza en mi futuro, quiero tener una vida digna y trabajar para poder ayudar a mi familia y poder seguir con el negocio de importar ropa a costa Rica que estaba haciendo antes de mi arresto.

Espero señor Juez que aunque usted nunca haya atravezado por las dificultades que yo he tenido en mi vida, pueda comprender un poco mis motivos y que me de la oportunidad de estar con mis familiares pronto y seguir trabajando por un futuro mejor.

Sé tambien que no tengo escusa por haber tomado esas malas decisiones pero le ruego que tenga misericordia de mi y me de la oportunidad de hacer las cosas mejor esta vez y demostrarle a todos que estoy arrepentida por haber tomado el camino "facil" que al final termi no siendo el más difícil y penoso de mi vida.

Sinceramente

Hazel Sanchez Cerdas.

Honorable Judge:

I write you this letter to apologize to the Court, the community, and to my family for the damage I have caused. I also write to let you know I am very sorry and that I accept all responsibility for my behavior and that I broke the law and that I know I must receive a punishment for the things I have done.

During the time I have been in jail I have felt very depressed and with a lot of anxiety. It has been very traumatic for me to be separated from my family for the first time and not be able to see or hug my children, also having the worry of my mother who is very ill and depends only upon me for all her needs.

Also, during this time, I have had the opportunity to reflect on what made me commit this offense.

I have had the opportunity to grow closer to God and to have a relationship with Him. With the help of the psychiatric treatment that I have had in the jail I feel better, with a clearer mind, accepting and loving my new self.

I am from Costa Rica, from a poor and dysfunctional family [REDACTED]

[REDACTED]  
[REDACTED]  
At 14 years old, I became pregnant with my first child that suffers from type 1 diabetes and had to see to him alone because I never had the help from his father.

I married a man who was 20 years older, [REDACTED]

[REDACTED]  
I tried one last time to have a family with my third husband, with whom I had a beautiful daughter, but with time that relationship also failed and as always I had to go forward in spite of the situations that I have come across in my life, alone and with my children.

When all of this happened 8 years ago, I was going through a difficult divorce from my third husband [REDACTED]

When I saw myself in that situation and with my three children still in school, I started making bad decisions for which I am paying. I had no money and during time, ZF, who I believed was my friend, arrived in America and I began to prostitute myself with her because I needed to provide for my children and because at the same time I had lost the hope of being loved and I saw being with men as only a transaction, I did not want to be vulnerable again.

[REDACTED]  
This made it so that I had no correct control over my thoughts and decisions. Only trying not to think about what I was doing. That is when I started to sink into that lifestyle more and to think that it was normal. I decided to seek someone else that also wanted to do it, so I would not be alone and earn more. I want you to know that neither I nor anyone I know forced anyone to do anything in any way, and no minors were involved, even though that absolutely does not excuse my actions. This took place for a year and a half until June of 2012 when I received and decided to move to Florida and leave this whole episode behind. It was at that moment that I became repentant and became aware that it was a crime for another person to work with me. I promised myself never to do it again.

Leaving this lifestyle has been very difficult and I prostituted myself from time to time while in Florida to help make ends meet.

I now have a lot of hope for my future, I want to have a dignified life and to work in order to help my family and continue with the business of importing clothing to Costa Rica, which is what I was doing before my arrest.

I hope, Honorable Judge, that although we have had different lives, you can understand a little of my motives and that you give me the opportunity to be with my family soon and to keep working for a better future.

I also know that I have no excuse for making those bad decisions but I beg you that you have pity on me and that you give me the opportunity of doing things better this time and show everyone that I am sorry for taking the "easy" path which ultimately turned out to be the most difficult and painful one in my life.

Sincerely,

A handwritten signature in blue ink, appearing to read "Hazel Sanchez Cerdas".

## CURRENT CLINICAL STATUS

### *Mental Status and Behavioral Observations*

Ms. Sanchez was interviewed at the William G. Truesdale Adult Detention Center in Alexandria, Virginia, on May 24, June 5, and July 8, 2019. Each time she was dressed in detention center issued clothing and was well groomed. Ms. Sanchez is of average height and weight and appeared her stated age.

Ms. Sanchez was oriented to person, place, time, and situation during each interview. She was alert and aware of the evaluation process during each meeting. Her memory and concentration were good. Her speech was of normal rate, rhythm and volume. Although English is her second language, she demonstrated excellent command of the language. She had an accent, but she seemed able to articulate her thoughts and feelings clearly. Ms. Sanchez's statements were goal-directed and logical.

During the course of the three interviews it became apparent that Ms. Sanchez minimizes and justifies the ways in which others have taken advantage of her. For example, her description of her relationship with her mother suggests that her mother had been uncaring and unconcerned for Ms. Sanchez's welfare throughout her life.

[REDACTED] Ms. Sanchez did not endorse any other symptoms of mental illness. She denied experiencing auditory or visual hallucinations and did not appear to be responding to internal stimuli during any of the interviews. She did not display any bizarre delusions, paranoia, or any other symptoms suggestive of a psychotic disorder. Ms. Sanchez denied experiencing suicidal or homicidal ideation.

Interpersonally, Ms. Sanchez was personable, polite, and cooperative. She made appropriate eye contact during the interview. She impressed as falling in the Average range of intellectual functioning, due to her speech, educational attainment, and level of concept formation. She appeared to have insight into her behaviors and good judgment at the time of the clinical interview.

#### ***Circumstances of the Offense***

When asked about the circumstances surrounding the offenses, Ms. Sanchez provided a version of the offense which was consistent with the version found in the Statement of Facts.

#### **TEST RESULTS**

As part of this evaluation, Ms. Sanchez was given the Trauma Symptoms Inventory, 2nd Edition (TSI-2). The TSI-2 is a 136-item self-report measure of post traumatic stress and related symptomatology. There are 12 clinical scales which are divided into four factors: Self-Disturbance (SELF), Posttraumatic Stress (TRAUMA), Externalization (EXT), and Somatization (SOM). The average score for clinical scales and factors is 50 and there is a standard deviation of 10, meaning that any score above 65 is clinically significant.

There are two validity scales, Response Level (RL) and Atypical Response (ATR). The RL scale reflects the respondent's tendency to deny symptoms that others commonly endorse. The ATR scale reflects over endorsement of trauma related symptoms that others, even those with significant posttraumatic symptomatology rarely express to a major extent. Ms. Sanchez's scores for these scales were within the acceptable range, meaning that she produced a valid protocol which can be interpreted.

**EXHIBIT 3:  
LETTER FROM EDUARDO SANCHO  
(MS. SANCHEZ'S SON)**

Dear Judge,

First, I would like to thank you for the opportunity to write this letter for you to take into consideration when sentencing my mother Hazel M Sanchez. My name is Eduardo A Sancho, I am 29 years old and I live in San Jose Costa Rica. I currently work as a customer service assistant at CMA CGM handling logistics for incoming cargo to the US via cargo vessels and barges.

Before moving to Costa Rica 4 years ago I have lived all of my childhood and a pretty good portion of my adult life either under my mother's roof or very close to her. My mother and me have a very close relationship in which there are very few secrets or things we don't discuss with each other. I consider my mom my best friend, my unconditional cheerleader, my sponsor, and one of the few people who genuinely have my best interest in mind when giving me advise.

I'd like to begin by giving you an idea of my memories with my mom so you might understand why I feel she is a great person who has overcome overwhelming odds to make sure me and my two younger siblings got ahead in our lives.

My mother comes from one of the most impoverished and dangerous neighborhoods here in Costa Rica. She became pregnant with me when she was 14 years old and instead of handing me off to my grandparents or giving up, she left her disapproving parents house and moved us into a tiny one-bedroom apartment no bigger than an average kitchen. I have never been close to my father and have no memory of him coming around with milk or food to help us. I don't remember very much about the first years of my life but I have visited that small apartment and I have seen first hand what happens to single teenage mothers in third world countries and I have to say that I have always respected my mother for not only surviving but thriving and giving me and my brother and sister the incredible opportunities that we have had thought our lives.

Years later when I was about 6 years old, my mother moved us to Los Angeles. She had married an American named Richard Weaver who at first seemed like a nice guy. [REDACTED]

[REDACTED]. This continued until my mother got divorced and re-married to David Shaw. David Shaw was the only real father figure me and my brother have ever had. He taught us how to be men and gave my mom the opportunity to go to school, to have friends, and to become the American she always was meant to be.

Over the years my mom has instilled many life lessons onto me to ensure I was a good person. I can confidently say my mom would not mind if I was someone who dressed oddly, or if my sexual orientation was different or even if my social standing

was as low as it can be, as long as I respected myself and others. I have never seen my mom be racist or discriminatory towards anyone. My mom would just as easily eat at a five-star restaurant as she would eat rice and beans at the house of an old friend who only has the means to serve that. Kids in the neighborhood where she grew up always ask me when she is coming because she always brings something for them when she comes visit. I can remember countless Halloweens when my mom would take a big portion of our candy and put it in a suitcase for kids here in Costa Rica.

My mom has also always instilled the idea that family is most important. She visits my elderly grandma multiple times a year, she pays for her caregiver and does absolutely everything possible to mend the relationship between her and my grandmother even though her childhood and young adult life was full of tribulations that can arguably be attributed to her parents. I personally have broken my mothers' heart many times as I'm sure most sons can say, but my mom has never turned her back on me or let me think for a second that she didn't care.

My mom has always told me she wants to open up a clothing store or a restaurant. She always makes food and says "how much would you pay for that in my restaurant?" or if I tell her it was delicious, she always jokes "ok, I'll add it to the menu then". Her favorite channel on TV is The Food Network and a thanksgiving or Christmas at my house is no joke if she has some new turkey recipe or a new way to roast a ham. She has always been great with people and I feel given the opportunity, she would focus her energy on this dream.

One last thing I think is important for you to know about my mom is that she might look strong, determined, and unfaltering, but she is sensitive. She is the kind of person who gets hurt or knocked down and will never let you see her shed a tear, but in the privacy of her car or her room, or in this case her cell, she cries into her pillow not because she wants out or wants this situation to end. But because she knows there are people like me, my brother and sister, my daughter, my uncles and grandmother, who miss her dearly and genuinely need her. My mom is the glue that holds my family together, she is the light that we use in darkness. I hope you see these characteristics in my mom and find it wise to let her continue her journey and trust that she has learned a lesson.

Thank you very much for taking the time to read this.

**LETTER FROM VITALINA CERDAS GUZMAN**  
**(MS. SANCHEZ'S MOTHER)**

18 de junio del 2019, San José Costa Rica

Dear Judge

Mi nombre es Vitalina Cerdas Guzmán, ID [REDACTED] ciudadana Costarricense por nacimiento.

Soy madre de Hazel María Sánchez Cerdas ID [REDACTED] la cual puede decir lo siguiente:

Que mi hija es una persona cariñosa, bondadosa y muy compasiva. También, de muy buenos sentimientos y solidaridad para con los demás, podría decir tantas cosas bellas de ella, y quisiera decir que nunca ha tenido problemas con la ley.

Reconozco que ella cometió un error y por el cual debe pagar, pero si pido clemencia como madre, me hace mucha falta y he sufrido mucho. Le ruego a Dios para que mis palabras le ayuden a tomar la decisión de darle la libertad, tomando en cuenta estos meses atrás que ha estado presa, creo que ella aprendió que hacer lo incorrecto delante de Dios y del hombre, debe pagarse y muy caro.

Con todo mi dolor quedo en espera de una respuesta favorable para mi hija la cual espero con ansias, y agradeciendo la atención que le brinde, Señor juez.

Sinceramente

Vitalina Cerdas Guzmán  
Madre, ID [REDACTED]

18th of June, 2019. San Jose, Costa Rica

Dear Judge:

My name is Vitalina Cerdas Guzman, ID [REDACTED], a Costa Rican citizen by birth.

I am the mother of Hazel Maria Sanchez Cerdas, ID [REDACTED], who can say the following:

That my daughter is a caring, kind, and very compassionate person. Also, she is very sympathetic to others, I could say so many beautiful things about her, I would like to say that she has never had trouble with the law.

I recognize that she made a mistake for which she must pay, but I plead for clemency as a mother - I miss her very much and I have suffered a lot. I pray to God that my words help you make the decision to grant her liberty, taking into account these last months that she has been incarcerated. I think she has learned the lesson that doing wrong in front of God and man must be paid, and paid dearly.

With all the pain feel, I await a favorable response for my daughter, who I miss anxiously, thanking you for the kind attention you might show her.

Sincerely,

Vitalina Cerdas Guzman  
Mother, ID [REDACTED]

**EXHIBIT 5:  
LETTER FROM RICHARD WEAVER  
(MS. SANCHEZ'S SON)**

Richard Weaver

Son

Dear Judge,

My name is Richard Weaver and I am Hazel's son of 25 years of age. I am one of her three children. I work for a financial institution and have worked as a loan processor as well as an Account Manager for the businesses we partner with. I also am learning about leadership and business development.

My mother has always been an example of character to me in my opinion. In her relationships in our family and friendships, she would display kindness, grace and always give in abundance. She would be quick to take her eyes off herself in order to make sure that others could live in peace.

One of my mother's core values she has taught me is to give back in abundance. Anytime we were out and someone would ask for a few dollars to eat or get through their day she would provide us with the money to give away so we would understand the importance of giving. She also helped develop a security program in the community she grew up in to combat the crimes that were occurring.

My mother and I have been talking several times a week since February of this year. Basically as much as possible. Throughout this time she has expressed much remorse and speaks so much of the hope and dreams she has for the future. She wants to start a career and even purchase a home so we can have a place where our family can gather to be together. She wants to be able to have everyone together as she has explained that the most important thing to her is to be able to spend time with her family.

For her and me the same, our hopes are to soon be able to create new and warm memories in life together.

Sincerely yours,

Richard Weaver

**EXHIBIT 6:**  
**LETTER FROM MADISON SHAW**  
**(MS. SANCHEZ'S DAUGHTER)**

Dear Judge,

My name is Madison Shaw and I am the daughter of Hazel Sanchez Cerdas. I would just like to write you to give some insight on who my mother is. In my almost 20 years of living I have never known love so whole heartedly, unconditionally, and unending as the love of my mother. She is the most honest, strong willed, caring, and persevering woman I know. Every day I try to model the woman I am after the woman she has taught me to be. She has helped sculpt me in every aspect of myself. I remember she gave me the first makeup that I ever used when I was 12, including a liquid eyeliner pen that I have not stopped using every single day in almost 8 years now. She taught me that I am resilient and I can get through anything. I remember when I was 13 years old and broke up with my first "serious" boyfriend (as serious as one can take love at 13). I went home from school and cried in her arms. She didn't speak she just held me and rocked me back and forth as she pet my hair and let me give up all of the pain I was feeling. Once I was out of my hysterics she held my face and looked me in the eyes as she said "you are beautiful, anyone who cannot see how amazing, smart, and kind you are doesn't deserve you." She smiled and told me she knew exactly what I needed. She took me to the mall and we picked out a pretty dress with white patterns on it and some new mascara, and bright red converse shoes. She told me that the next day I was going to go to school and wear all of this and I was going to keep my head up and act like I didn't even know him. I had never gotten so many complements in my life the next day. I had forgotten all about him. And now, 8 years later, she has seen me through 3 more boyfriends, 4 friendships ending, and a very long road to college. My mother always told me I didn't need anyone except myself and my family, and that my family will be the only ones for me when all is said and done. And this is me being here for her now. My mother has laughed with me (mostly at movies she wanted to watch but never finished because she fell asleep half way through), she's cried with me, she's picked me up when I was down, and has brought me down when I was on my high horse. Every day she tells me I am the best daughter she could have ever asked for, but as many times as she's said "your mom's always right" she's wrong here. She is the best mother anyone could have ever asked for. I never had an older sister, and with two older brothers and my dad I was often outnumbered. She was a mother, a hero, an older sister, and a best friend all in one. If God let me pick my parents in heaven I must've just picked by random and lucked out. She is honestly more perfect and precious than anything I could ever dream up. I miss her, I know for a fact she is unbelievably sorry for what she has done, she tells me every day all she can do is keep it together and wait patiently for our sake. I tell her to stay strong and keep her head up just like she told me so many years ago. Her mantra has always been "adapt, improvise, and overcome" and "we are girls, we have to be strong, because no one else can do that for us" and I just remember those phrases in everything I do every day. From working two jobs to put myself through college, to the endless nights of studying for an incredibly difficult degree. I remember what she has taught me and I know I can do anything. I do everything with her in mind and to make her proud, I study so that I can give her a better life one day and care for her the way she deserves. I sit here, in Tallahassee Florida, on campus every day waiting patiently until the day that I can see her again. I have already missed her birthday, mother's day, and I will miss my birthday with her. Please, let me spend Christmas and thanksgiving with her like we do every single year no matter where in the world any of the family is. I love her, and I miss her more than anything in the world. I know she's strong, I just want her to be strong next to me.

Sincerely,

Madison Shaw

**LETTER FROM RODOLFO SANCHEZ**  
**(MS. SANCHEZ'S BROTHER)**

04 de junio del 2019, San José Costa Rica

Querido Juez

Mi nombre es Rodolfo Sánchez Cerdas, ID [REDACTED] soy ciudadano Costarricense por nacimiento.

Conozco a Hazel Sánchez, ID [REDACTED] desde hace su nacimiento, pues soy hermano mayor. La opinión que tengo de Hazel Sánchez es que es una persona sensible, bondadosa y muy compasiva. Tiene una gran capacidad para sentir afecto, compasión, buenos sentimientos y solidaridad para con los demás. Es de esas personas que no soporta tampoco ver a alguna persona que esté pasando una situación de gran pobreza y necesidad, pues ella se apronta a ayudar, aun sin conocer a la persona. Todos los años lo he observado y he admirado esa cualidad en ella que la destaca como noble y muy humana.

La personalidad es extrovertida, pues tiene una alta tendencia a las relaciones sociales y eso se reconoce en la Ciudad de Tibás, San José Costa Rica, de donde es oriunda. La gente observa en ella un magnetismo que indudablemente las atrae a ella, pues siempre está de buen humor, es alegre, feliz, muy simpática y por ello no conozco una sola persona que no le agrade ella.

Por ejemplo, siempre saluda con el "Buenos días" con una sonrisa, pregunta por el estado de los familiares de las personas que se encuentra en la calle y muestra pena cuando las noticias no son buenas, sea porque el familiar está enfermo o enfrente una difícil situación o problema económico o familiar. Otra cualidad que le reconoce la comunidad es su participación y apoyo en actividades comunales, como ventas comunales de comida y bebidas en el parque-plaza de la comunidad, para recaudar fondos para el aseo y ornato. Ella siempre participa, sea llevando comida, participando en las actividades y ayudando al que lo necesite, lo he visto, cuando ella ha estado en la comunidad. Posee una linda sonrisa y una risa contagiosa, la cual extraño.

En relación al delito por el que se le condenó y si bien no hay justificación para ello, ha tomado conciencia de lo que ha hecho y muestra arrepentimiento por el error cometido y por ello pido humildemente otra oportunidad para que pueda demostrar que este error le dejó la enseñanza de que la libertad es un regalo inapreciable que la vida nos da y estoy seguro de que ahora en adelante vivirá una vida recta y conforme a la Ley.

Respecto a su futuro. Una vez que haya finalizado esta dolorosa situación, sé que de ahora en adelante todos sus proyectos de vida se harán de la forma correcta observando los patrones y lineamientos establecidos por las leyes y la sociedad, amparado en un marco de legalidad. Sé que ha aprendido que el dinero y viene fácil y que hay que trabajar duro y de forma recta para obtenerlo.

Imploro a Dios para que mis palabras le ayuden y le iluminen Honorable Juez a tomar la decisión de darle la libertad considerando el tiempo que ha estado en prisión como suficiente pena y castigo.

Atentamente,

Dear Judge

My name is Rodolfo Sanchez Cerdas, [REDACTED] and I am a Costa Rican citizen by birth.

I have known Hazel Sanchez, ID [REDACTED] since her birth since I am her eldest brother. The opinion of have of Hazel Sanchez is that she is a sensible, kind and very compassionate person. She has a great capacity to feel affection, compassion, good feelings and solidarity for others. She is that kind of person that cannot stand to see someone who is going through a situation of great poverty and need because she begins to help, even without knowing that person. I have seen it every year and have admired that quality in her which distinguishes her as noble and very human.

The personality is extroverted because she has a high propensity for social relationships, and that is known in the city of Tibas, San Jose, Costa Rica, from which she originates. People see in her a magnetism that undoubtedly attracts them to her, because she is always in a good mood, she is happy, very agreeable and for that reason I don't know a single person who does not like her.

For example, she always gives the "Good day" greeting with a smile, asks about the wellbeing of the family of people she meets on the street and shows sorrow when the news is not good, whether it is because the family member is ill or facing a difficult situation, or financial hardship or a family issue. Another quality the community recognizes in her is her participation and support for community activities, such as community food and drink sales at the community park raising funds for cleaning and decoration. She always participates, be it taking food, participating in activities and helping those that need it, I have seen it when she has been in the community. She has a beautiful smile and a contagious laugh, which I miss.

With regard to the offense for which she was condemned and while there is no justification for it, she has become aware of what she has done and shows remorse for the mistake made and that is why I humbly ask another opportunity so that she can show that this error taught her that liberty is an invaluable gift that life gives us and I am sure that she will live a righteous and lawful life from now on.

With regard to her future. Once this painful situation is over, I know that from here on all her life projects will be done in the correct manner, observing the patterns and guidelines established by law and society, covered within the legality framework. I know that she has learned that the money (sic) and comes easily and that one should work hard and in the correct manner to obtain it.

I pray to God that my words help you and illuminate you, Honorable Judge, to make the decision of giving her liberty, considering the time she has spent in jail as enough penalty and punishment.

Kind regards,

**EXHIBIT 8:**  
**LETTER FROM RANDALL SANCHEZ**  
**(MS. SANCHEZ'S BROTHER)**

11 de Junio del 2019, San José Costa Rica

Honorable Rahul Sharma  
Juez

Mi nombre es Randall Sánchez Cerdas, Id [REDACTED] ciudadano costarricense por nacimiento.

La presente es para saludarle y a la vez comentarle que conozco a Hazel Sánchez Cerdas, ID [REDACTED] de toda la vida puesto que soy su hermano, y no es porque seamos familia, pero de Hazel solamente acciones buenas puedo mencionar, ella es una persona de un gran corazón que siempre ayuda a las demás personas, ella está muy pendiente de nuestra madre que es una persona mayor y al ser la única hija mujer existe una unión muy fuerte entre ellas.

Hazel es una persona de gran nobleza, de gran sentido de desprendimiento que al enterarse de que alguna persona está con necesidad ella se encarga de ayudarla en todo lo que está a su alcance.

Mi hermana siempre dijo "Presente" a actividades de la comunidad, recuerdo que todos los años realiza su donación incógnita a la Teletón de mi país a favor de los niños con Cáncer, esto porque ella me decía que le destroza el corazón ver niños con ese tipo de enfermedades, por eso contribuía siempre de alguna manera y la admiro mucho por ese sentimiento tan grande.

A mi personalmente me ha ayudado mucho y le guardo un cariño muy grande por cada una de esas ayudas.

Ella es una persona que acude de primero en ayudar a los demás, inclusive a personas que conoce poco o no conoce del todo pero que al conocer su historia ella es la primera en ayudar y nunca le ha hecho daño a nadie, al contrario, solo cosas buenas podemos decir de mi hermana quienes tenemos la suerte de conocerla.

Como persona Hazel es una persona admirable, fuerte, muy inteligente y muy trabajadora, la he admirado toda la vida por su forma de ser.

Hazel es una mujer muy alegre, la familia completa la quiere mucho y cuando ella llega a un lugar fácilmente se convierte en el centro de atención por su forma de ser tan alegre y amable, ella siempre posee una sonrisa en su rostro y trata a todos por igual, para ella todas las personas somos iguales y las trata con respeto.

Honorable señor Juez, sé que a ella se le acusa de un delito en los Estados Unidos de América el cual no justifico y hasta lo catalogo de inaceptable, sé que fue una mala acción pero también sé que para mi hermana a sido una experiencia que no olvidará nunca, conociéndola a ella sé del arrepentimiento que

existe en su corazón por el error cometido y que nunca volverá a repetir, por eso le pido de la manera mas humilde tome en cuenta mis sinceras palabras y le brinde una nueva oportunidad, ella sabrá como retribuir la confianza que le depositen de la forma que mejor lo sabe hacer y es siendo un gran ser humano, respetando y haciendo respetar las leyes de cada país, trabajando de forma fuerte honrada por todos y cada uno de los días de su vida.

Honorable señor Juez, le pido compasión y comprensión para mi hermana y nos brinde a mi madre, hermanos y a mí el mejor regalo de amor, algo que no olvidaremos nunca y es el devolverle la libertad a mi hermana y que así podamos verla y compartir con ella como siempre, la extrañamos mucho y queremos abrazarla pronto y llorar con ella, pero en esta ocasión de felicidad, pido a Dios y a su persona así sea.

Me despido atentamente,

Honorable Rahul Sharma

Judge

My name is Randall Sanchez Cerdas, [REDACTED], a Costa Rican citizen by birth.

This letter is to greet you and at the same time to tell you that I have known Hazel Sanchez Cerdas, ID [REDACTED] [REDACTED] all my life since I am her brother, and it isn't because we are family, but I can only tell you of good actions from Hazel, she is a person of a big heart who always helps other people, she is very watchful over my mother who is elderly and being the only daughter there is a very strong bond between them.

Hazel is a person of great nobility, of a big sense of detachment, who upon learning that someone is in need she takes care of helping them in every way that she can.

My sister always said "Present" at community activities, I remember that she donates incognito every year to the Telethon for Children with Cancer in my country, because she said it destroys her heart to see children with that kind of illness, that is why she always contributed in some way because of that great feeling.

Personally, she has helped me a lot and I cherish her greatly for that help.

She is a person who attends to others first, even to those she knows very little or not at all, but that upon learning of their history she is the first to help and she has never harmed anyone. On the contrary, we can only say good things about my sister, whom we have the good fortune of knowing.

Hazel, as a person, is an admirable, strong, very intelligent and hard-working person, I have admired her my whole life because of the way she is.

Hazel is a very happy person; the whole family loves her very much and when she goes someplace, she easily turns into the center of attention for her kind and happy way of being. She always has a smile on her face and treats everyone as equals. For her, we are all equal people and she deals with everyone with respect.

Honorable Judge, I know she is accused of an offense in the United States of America which I don't justify and I even categorize it as unacceptable, I know it was bad behavior but I also know that it has been an unforgettable experience for my sister, knowing her, I know of the regret which exists in her heart for the mistake she made and that she will never commit again, that is why I ask you, in the most humble manner that you take my sincere words into account and provide her with a new opportunity, she will know how to repay the trust they place in her in the best way she knows how and that is being a great human being, respecting and making others respect the laws of each country, working hard and honestly for each and every day of her life.

Honorable Judge, I ask for compassion and comprehension of my sister and that you provide my mother, siblings and I the best gift of love, something we will never forget and that is to give liberty back to my sister and that that way we can see her and share with her as always, we miss her a great deal and we want to hug her soon and cry with her, but ask God and you that this occasion of happiness occurs.

Kind regards,

**EXHIBIT 9:  
LETTER FROM DAVID SHAW  
(MS. SANCHEZ'S EX-HUSBAND)**

Dear Judge,

My name is David Shaw and I am Hazel Sanchez Cerdas' ex-husband. I currently work as a Desktop Support Specialist for Cordicate IT. Hazel and I met in 1996 in Costa Rica. Although we were divorced in 2012, we remain close friends and I must say she is my best friend. We have 3 children and although we live in different parts of the country, we are all very close.

The one thing I can say about Hazel, without any hesitation, is that she is the most selfless person I've ever met. She would literally give you the shirt off her back. I've seen her feed homeless children on the streets of Costa Rica while we were eating at a restaurant. When everyone else just ignored them, Hazel stepped up. Everyone in her family and neighborhood, either in Costa Rica, Los Angeles, Florida or Virginia would say the same. She is the first to lend a helping hand whether asked to or not.

She loves and treats her family in the same selfless way. I remember Hazel traveling back and forth to Costa Rica to take care of her elderly mother while she underwent brain surgery. Hazel ended up paying for everything because her siblings, although they could afford it, refused to contribute. She also made all the arrangements and paid for her niece's quinceanera (sweet fifteen) because her brother could not afford it.

Hazel has expressed to me that she regrets the decisions she made that landed her in front of you. She also told me that if she could go back she would choose the correct path. Hazel got her US citizenship while we were together and she told me that when all of this is behind her she just wants to get a job and pursue the American dream like any of us.

Sincerely,

David Shaw

v.

HAZEL MARIA SANCHEZ CERDAS,

Defendant.

) Docket No. 1:19-cr-0065

) UNDER SEAL

**DECLARACION DE FEDERICO JOSE ROBLES FERNANDEZ**

Yo, Jose Federico Robles Fernandez, con conformidad al titulo 29 del U.S.C. 1746, declaro que la siguiente declaracion es verdadera basado en mi experiencia y conocimiento de los hechos:

1. Yo vivo y trabajo en San Jose, Costa Rica. Yo fui esposo de M [REDACTED] desde Septiembre 3 de 1999 hasta Junio 25 del 2009, fecha que nos divorciamos. Yo inicio el proceso de divorcio y se concreto en mutuo acuerdo.
2. Yo inicio el proceso de divorcio por que me entere que M [REDACTED] trabajaba de prostituta en los Estados Unidos. Mi sospecha sobre esto se inicio cuando M [REDACTED] iba a Miami a supuestos viajes para comprar cosas y traer de vuelta a Costa Rica para vender, pero M [REDACTED] regresaba a Costa Rica con las maletas sin compras y solo portando vestidos de noche y trajes de baño mojados. M [REDACTED] aducía que las cosas estaban muy caras y no compro nada y que entonces la amiga con la que viajaba le regalaba algunas cosas, pero me di cuenta que M [REDACTED] regresaba de los Estados Unidos con bastante dinero en efectivo.
3. M [REDACTED] inicio sus viajes a los Estados Unidos en Enero del 2009. En Marzo de ese mismo año y tras 3 viajes de ella, para su desgracia coincidimos en el aeropuerto tras un viaje de trabajo mio. Yo cubría el Festival internacional de Viña del Mar y ella quedaba en casa, pero a mi regreso me la encontre llegando en otro avión y había dicho a mis padres que iba con una amiga para el sur de nuestro pais a comprar unos electrodomesticos, pero no espero encontrarse conmigo a la misma hora de llegadas en el aeropuerto internacional. Ahí comprendí cual era su negocio y me separé 24 horas despues cuando ella entendió que yo ya la había agarrado en su business y [REDACTED]
4. En las semanas y meses de separación mientras se daba el divorcio, hablé del tema con amigos periodistas que tenían de contacto a un investigador privado quien contó que M [REDACTED] Inicialmente se movía en la zona de Naples en Florida con señores mayores y tambien encontró información sobre el trabajo de prostitucion que M [REDACTED] ejercia en los Estados Unidos. El investigador privado encontro una pagina web en el internet donde M [REDACTED] promovia sus servicios de prostituta con el nombre de "Diana".
5. Como parte del divorcio, yo le deje todo (la casa, el carro, etc) a M [REDACTED] para que lo disfrutara con su hijo SRR ya que yo quería librarme de ella rapidamente y así acordamos un divorcio de mutuo acuerdo y recuerdo que ella lloraba desesperadamente en el Buffete de Pedro Beirute y me imploraba no divorciarnos ya que ella entendía que su vida daba un giro de 180 grados ese día. [REDACTED]
6. M [REDACTED] ya no tenía ni la casa ni auto por que todo lo vendió para estar viajando y permanecer largas temporadas en Estados Unidos y cuando aparecía en Costa Rica lo hacia con grandes sumas de dinero,

hospedandose en hotels caros, con autos alquilados e intentando justificar que su dinero era fruto del trabajo de niñera y que se ganaba muy bien. Yo no me aguante y le enseñe a M [REDACTED] las fotos de la pagina web "Virginia Escorts" donde ella promovia sus servicios de prostitucion. [REDACTED]

15. Con mucha pena declaro sobre estos hechos, y solo deseo que M [REDACTED] reciba ayuda psicologica para que deje de mentir y deje de lastimar gente. Lamentablemente, M [REDACTED] es una mentirosa patologica. Me mintio y engaño por 13 años haciendo me creer que yo era el padre biológico de SRR, nos daño psicológicamente, me daño públicamente, y no se detiene. Ella no le importa nada ni nadie mientras consiga lo que quiere.

16. Yo voluntariamente y sin ninguna obligacion ofrezco esta declaracion y aporto fotografias y documentación que avalan lo antes dicho al Investigador Pascual Velarde que trabaja para la Oficina Del Defensor Publico Federal localizada en Alexandria, Virginia.

17. Mi primer idioma es el Espanol, aunque se leer y escribir en Ingles, pero con asuntos y palabras de carácter legal yo prefiero que esta declaracion sea escrita en Espanol. Yo puedo escribir esta declaracion pero deseo que el Investigador Velarde lo escriba por mi.

18. Yo no estoy bajo la influencia de ningun tipo de bebida alcoholica ni de ningun tipo de drogas o medicina que pueda interrumpir mi entendimiento de esta declaracion.

19. Yo no he recibido ninguna promesa ni nada tangible a cambio de mi declaracion.

20. Yo he revisado y he leido muy cuidadosamente cada palabra, oracion, y parrafo de esta declaration. Yo he tenido la oportunidad de anadir, borrar, y cambiar cualquier parrafo de esta declaracion.

21. Yo declaro en este dia 2 de Agosto del 2019, bajo pena de perjurio ante las leyes de los Estados Unidos de America que la informacion en esta declaracion es verdadera y correcta.

**STATEMENT OF FEDERICO JOSE ROBLES FERNANDEZ**

I, Jose Federico Robles Fernandez, in accordance with title 29 of U.S.C. 1746, swear that the following statement is true based on my experience and knowledge of the facts:

1. I live and work in San Jose, Costa Rica. I was married to [REDACTED] since September 3rd, 1999 until June 25th, 2009 when we divorced. I initiated the divorce process and it was finalized by mutual agreement.
2. I initiated the divorce process because I found out that M [REDACTED] worked as a prostitute in the United States. My suspicions began when M [REDACTED] travelled to Miami on trips to supposedly buy things and bring them back to Costa Rica for sale, but M [REDACTED] would return to Costa Rica with her suitcases without purchases and only carrying evening dresses and wet bathing suits. M [REDACTED] argued that things were very expensive, and she did not buy anything and her friend who travelled with her would give her some things as gifts, but I realized that M [REDACTED] would return from the United States with a lot of money in cash.
3. M [REDACTED] started her trips to the United States in January of 2009. In March of that same year and after 3 trips by her, unfortunately for her we met at the airport after one of my work trips. I covered the Viña del Mar International Festival and she would stay at home, but on my return I found her returning on another flight and she had told my parents that she was going with a friend to the south of our country to buy some electric appliances, but she had not counted on meeting me at the same time of arrival at the international airport. I understood then what her business was, and [REDACTED]  
[REDACTED]
4. In the weeks and months of separation while the divorce was being finalized, I spoke about the matter with some journalist friends who had a private investigator contact who said that M [REDACTED] initially moved worked around Naples, Florida with older men and also found information about the prostitution work that M [REDACTED] carried out in the United States. The private investigator found a website on the internet where M [REDACTED] promoted her prostitution services under the name "Diana".
5. As part of the divorce, I left everything (the house, the car, etc.) to M [REDACTED] for her to enjoy with her son SSR as I wanted to be free of her quickly and that's how we agreed upon a divorce by mutual agreement and I remember that she would cry desperately at the Law Office of Pedro Beirute and would implore me not to divorce because she understood that her life needed to make a 180 turn that day.
6. M [REDACTED] no longer had a house or a car because she sold everything in order to travel and stay longer periods in the United States and when she would show up in Costa Rica she would do so with large sums of

money, staying at expensive hotels, with rented cars and trying to explain that her money was the fruit of her labor as a nanny and that she was very well paid. I did not tolerate it and I showed M [REDACTED] the photos of the "Virginia Escorts" web page where she promoted her prostitution services.

[REDACTED]

15. It pains me to state these facts and I only wish that M [REDACTED] receives the psychological help she needs so that she can stop lying and stop hurting people. Regrettably, M [REDACTED] is a pathological liar. She lied to me and tricked me for 13 years, making me believe that I was the biological father to SRR, she hurt us psychologically, hurt me publicly and does not stop. She does not care about anything or anyone so long as she gets what she wants.

16. I voluntarily and without obligation offer this statement and provide photographs and documentation that support what was previously told to Investigator Pascual Velarde who works for the Office of the Federal Public Defender located in Alexandria, Virginia.

17. Spanish is my first language although I know how to read and write in English, but with matters and words of a legal nature I prefer that this statement be written in Spanish. I can write this statement, but I wish Investigator Velarde to write it for me.

18. I am not under the influence of any type of alcohol or any kind of drug or medication that could impair my understanding of this statement.

19. I have not received any kind of promise or anything tangible in exchange for my statement.

20. I have reviewed and carefully read every Word, sentence and paragraph of this statement. I have had the opportunity to add, delete or change any paragraph of this statement.

21. I declare on this 1st day of August 2019, under penalty of perjury before the laws of the United States of America that the information in this statement is true and correct.

**STATEMENT OF**

Y [REDACTED]

I, Y [REDACTED] in accordance with title 29 of U.S.C. 1746, swear that the following statement is true based on my experience and knowledge of the facts:

1. I live and work in West Palm Beach, FL. I was born and raised in Colombia, but I am an American citizen.
2. I voluntarily and without obligation offer this statement to Investigator Pascual Velarde who works for the Office of the Federal Public Defender located in Alexandria, Virginia.
3. Spanish is my first language and I prefer that this statement be written in Spanish. I know how to read, write and speak in Spanish better than English. I can write this statement, but I wish Investigator Velarde to write it for me.
4. I am not under the influence of any type of alcohol or any kind of drug or medication that could impair my understanding of this statement.
5. I have not received any kind of promise or anything tangible in exchange for my statement.
6. This statement is about my friendship with Hazel Marie Sanchez Cerdas. I met Hazel in 2014 when she rented a room at the apartment where I lived with a friend. This apartment was located in West Palm Beach, FL. This apartment had three rooms and each of us had their own room. After Hazel and I met and we developed trust in each other, Hazel and I decided to work as call girls. This work was independent and each worked their own portfolio of clients. I never worked for Hazel or her for me. What I earned was only for me. No one obligated me to do this work. I do not speak English, so sometimes I asked Hazel to translate some calls that I received from clients who only spoke English. I never saw Hazel charge, administer, negotiate or represent other women who worked in the call girl business. Hazel has always been a very good person with me and with those persons that I have seen her deal with.
